Hi Wendy,

Bill Von Till is the supervisor for the licensing group.

Douglas, would you be up for you and I giving Bill Von Till a call maybe on Monday to give him an update? The people we are in touch with for consultation are in the environmental group. We haven't talked with the licensing group for a long time. It shouldn't take very long.

Then Wendy could say we will get give Bill von Till a call next week?

There are a couple of items I would like to discuss with Ron Burrows, the project lead for the license, in the near future. Updating Bill might smooth the way to have that conversation with Ron.

Thanks!

Valois

Valois,

I participate on a quarterly call with WDEQ/BLM/NRC. How should I answer their question?

Thanks, Wendy

Yes, what is the status of EPA permitting of the Dewey Burdock site.

Thanks

All,

Wendy Cheung from EPA-R8 will be on the call. Does anyone have any questions/issues that require answers/direction/guidance from the EPA on their specific projects?

Thank you,
Alan

All,

We will, finally, be catching up on our quarterly conference calls for uranium recovery projects this Sep. The date will be Wed, Sep 02, 2015 at 1000 EDT. I will get a bridge line and, if possible, a conference room.

All Safety PMs, please be prepared to give an update on your projects. Environmental PMs, be prepared to answer any questions that may come up regarding, Sec 106 and NEPA actions.

I will send out a draft agenda, later this week.

Thank you.
